Lap sponge

40'SX40'S,30X20/24X20/19X15
with/without X-ray thread
with/without X-ray tape plus blue or white loop
non washed / washed

Crinkle gauze bandage

Material: 100% cotton
Color: white
Packing: 1 roll per pouch
Pouch form: one side medical paper . another side

Deluxe Urine Drainage Bags

1. Anti-reflux valve helps prevent urine reflux, minimizes the risk of infection.
2. Terraced catheter adapter permit secure, leak-proof fit
3. Built-in heavy-duty universal hanger fits securely on different size of bedrails, carts, wheelchairs, etc.the cord will be alternative if the hanger isn' t used.
4. Drainage tubing made of special materials helps enhance drainage and minimize kinking. slide-tap drainage mechanism is very convenient to operate.
5. Empties easily with convenient t-tap valve, all with finger guard to prevent splash of urine.
6. Volume : 2000mL

Cat No	Volume(ml)
152001	2000ml

Urine Drainage

1. Cross valve can prevent leakage and minimize the risk of infection
2. The terraced catheter adapter enables tight and leak-proof connection to leg bags, sheaths and urostomy bags With non-return valve
3. Inlet tube with 90cm length with optimum hardness permits quick drainage without kinking problem (memory effect).

Nelaton Catheter(PVC)

Features :

Made from non-toxic PVC

Length: 400 mm

Standard Type

Cat. No.	Size (Fr/Ch)
131106	6
131108	8
131110	10
131112	12
131114	14
131116	16
131118	18
131120	20

Name : Female Type

Features:

Made from non-toxic PVC

Length: 220 mm
